***Addenda et corrigenda* to the catalogue:**

Calopterygoidea of the World: A synonymic list of extant damselfly species of the superfamily Calopterygoidea (*sensu lato*) (Odonata: Zygoptera) (First edition - 1 January 2016)
by Matti Hämäläinen

Additions:

p. 20 / new species:
Heliocypha vantoli Hämäläinen, 2016

p. 32 / new species:
Celebargiolestes askewi Kalkman, 2016
Celebargiolestes orri Kalkman, 2016
Celebargiolestes toli Kalkman, 2016

Change of status:

p. 26 /change of status:
Schmidtiphaea schmidi Asahina, 1978
Schmidtiphaea chittaranjani (Lahiri, 2003)
New evidence suggests that these two taxa are distinct species.

Corrections:

p. 7 /corrections:
Syn. *Notholestes elwesi* MacLachlan, 1887 – the correct spelling is McLachlan
